

2025 Max T. Rogers Lectureship

*Prof. Mercouri G.
Kanatidis*

Please join us for two lectures:

How Halide Perovskites Expanded the Frontiers of Solar Energy and Optoelectronics

Thursday, April 17th
4:10 p.m., Chemistry 136

High-Performance Thermoelectrics: From New Compounds to Phase Engineering to Entropy- Enhanced Materials

Friday, April 18th
3:30 p.m., Chemistry 136
